A D D E N D U M N o. 2

I) DIRECTIVE

This Addendum shall form an integral part of the specifications and plans for the above project and shall be read in conjunction therewith. This Addendum shall, however, take precedence over all requirements of the previously issued specifications and plans with which it may prove to be at variance, unless otherwise clarified by the Engineer.

This Addendum must be signed by the Tenderer in the appropriate space and must be attached to the Form of Tender for submission at the time of tendering. Tenders not including this Addendum, signed as required, may be rejected as informal.

II) REVISIONS

1. **ADD the following:**

   Section 31.4

   Delays shall be determined where the EMS Ambulance is required to come to a stop and wait while the contractor undertakes any operation to relocate equipment, materials or restore an acceptable route between the helipad and the public road.

   The delay shall be timed by the Contract Administrator or their site representative.

2. **REPLACE the FORM OF TENDER with the enclosed FORM OF TENDER – ADDENDUM #2:**

   a. **REVISE Item 53(1-30). Added Specification Numbers**

3. **ADD the following to Section G1 Execution of Contract :**

   Insurance Requirements

   The following parties shall be named as additional insured by the Contractors Insurance Policy.

   1) Niagara Health Systems (and their designates);
   2) Upper Canada Planning & Engineering Ltd.;
   3) The City of St. Catharines;
   4) The Region of Niagara;

5) Geotechnical Consultant (to be named at time of Tender)
6) R. Stasiak Engineering Inc., and;
7) RTG Systems Inc.

4. ADD the following to Section 24.3:

Specifications Niagara Health System Proposed Parking Lot Lighting, Electrical Servicing & Distribution ***(see attached PDF)***

5. ADD the following to Section 24.4:

Electrical Public Road – Item SPECS ***(see attached PDF)***

6. ADD the following to Section 24.5:

Temporary Barricades

The contractor shall be required to barricade off certain areas to permit electrical, lighting and landscaping to be installed after the use of the parking lot by NHS staff has resumed once asphalt, curb and line painting is completed.

The contractor shall include within their unit price bids to these items all costs required for installation, maintenance and removal of temporary barricades needed to block off work areas for these activates.

7. ADD the following:

SCHEDULE – BASE BID FORM

The Contractor is to submit their construction duration on Page 2 of 2 of the Base Bid Form. This duration shall be used to determine the NHS costs related to alternate parking arrangements, shuttles, etc. (From Addendum 1)

This duration shall be the total time for Primary Services including curb, asphalt and line painting until the owner is able to resume operational use of the parking lot. The Owner intends to resume staff parking as soon as possible, but understands that the contractor may have to block off portions of the parking lot to complete secondary works (landscaping, lighting, electrical, etc.).

The Contractor shall SUBMIT a GANTT Chart detailing their estimated construction schedule with their tender bid.

III) <u>CLARIFICATIONS</u>

Schedule

The contractor is expected to begin summer 2018, but as the contract is subject to external agency approvals no date is provided.

Winter Heat

The Contractor is not required to carry and provisions for winter heat.

Site Access and Coordination with Security

The contractor shall be required to provide reasonable access to hospital security, and their designates carrying out their duties related to the exiting infrastructure and helipad. The Contractor is not required to provide access to general NHS staff.
